

Renovation Project March 2009

In March 2009 a team of **Irish volunteer builders** travelled to Romania to renovate two new apartments for adults with disabilities. Many thanks to Cecil Beggins, Michael Rennicks, Edward Mulvey and Martin O'Connor (pictured with George Hook and Michelle McGill).

In October 2009, 8 residents moved from institutions to a new life in the community in these apartments in Giurgiu town. This means 8 men and women from Carpenis Institution moved out into permanent homes in the community for the first time (pictured enjoying their first meal at the apartment).
